

The African-American Spiritual and Ethical Guide to End of Life Care— What Y'all Gon' Do With Me? (Let's talk about it)

18 Important Things You Want and Need to Know To Take Control of Your Life and Health

www.hearttones.com © 2006 Gloria Thomas Anderson

In this reader-friendly guide, Gloria Thomas Anderson, LMSW, offers information regarding end of life issues faced specifically by African Americans. Racial disparity in health care has caused many people of color to lose trust in doctors or proposed treatment options. End of life decisions also are impacted by African Americans' unique history, culture and generational family values. This clear guide walks readers through the spiritual, practical and legal considerations in end of life care and provides a springboard for action. Readers will be ready to take better charge of their end of life decisions and care. *A Healthcare Advance Directive is included in the Guide!*
